Who are we?

We are a charitable non-profit social service organization funded by donations from the community.

We are served by volunteers and are in partnership with Neighbourhood Link Support Services, Family Service Association Of Toronto, and several other service agencies.

What do we do?

We support clients with volunteer services six days a week. We receive and provide referrals from and to emergency services. We are involved in every major issue, event or service about families or immigrants and meet the needs of about 1000 to 2000 immigrants, particularly from Africa, annually.

We know the difficulties immigrant families, youth, seniors, and professionals go through once they arrive in Canada.

We care.

We've been there.
